NO INTERNMENT FOR THOSE WHO OBEY NATION'S LAWS

Applications for Citizenship From Ger-
mans Pour Into Washington Since
Break in Relations.

WASHINGTON, March 31.—Aliens
seeking American citizenship will be
given favored treatment if it becomes
necessary to put restrictions on for-
eigners. The State Department informed
the Labor Department yesterday
that in such a contingency declarations
of intention to become citizens will "be
given due consideration."

The government's attitude, although
as yet not publicly expressed, is un-
derstood to be that if the United States
is forced into war with the central
powers, no move will be made towards
internment of their nationals within
the United States, even army and navy
reservists, as long as the foreigners
observe the country's laws. Property
rights, too, will be respected.

Applications for citizenship from
Germans have poured into Washington
since relations were broken with Ger-
many. More than 100,000 had come in
within the last year, but for the last
two months all records have been
broken.

The Census Bureau estimates that
there are in the United States now
about 150,000 German citizens over
twenty-one years old. In 1910 there
were in this country 828,618 persons
of German stock, of whom 2,501,181
were born in Germany. There were
3,911,847 born in America of German
parents, and the remainder were born
in the United States of parents one
German and one American.

Of the 2,501,181 persons born in Ger-
many, 1,278,967 were males twenty-one
years and older. Of these 839,007 were
reported as naturalized, and facts as
to the remainder were not ascertained.
The Labor Department was notified
by the State Department today also,
that Russians taking out citizenship
papers should renounce all allegiance
to "the present government of Russia,"
and not Emperor Nicholas.

TRINITY COLLEGE OFFERS ITS SONS TO THE NATION

All Athletic Contests Will Be Canceled
and Students Pledge Their Ser-
vice to the Nation.

[Special to The Times-Dispatch.]
DURHAM, N. C., March 31.—Military
training for Trinity College is an as-
sured fact. The students, in an enthu-
siastic mass-meeting following a stir-
ring speech by Dr. W. T. LaPrade, of
the department of European history,
have signed a petition requesting that
they be supplied with officers and
equipment of the United States Army.
The training will begin immediately.
All athletic contests for the remainder
of the term will probably be canceled,
and the entire attention of the student
body devoted to preparing itself for the
national emergency.

Robert W. Glenn, representative of
the United States government at
Greensboro, in the movement to interest
young men in military training, was
notified by telephone last night of the
decision of the student body, and he
at once telegraphed headquarters in
New York to provide officers and such
equipment as is possible for the three
hundred odd men who have already
signed the petition circulated at
Trinity. One of the primary purposes
of this preliminary step at the college
is to make possible a "Trinity unit"
for further work at Plattsburg or in the
regular army. The training which has
been favored by the students in no wise
hinders the participants to actual military
service, but makes possible the or-
ganization of those who are able to
sign into the service.

The college authorities have ex-
pressed themselves heartily in favor of
this move on the part of the students,
and will aid in any way to make the
training more efficient. A special meet-
ing of the board of trustees has been
called for next week, when further ac-
tion will be decided upon, in the light
of the response of Congress to the ad-
dress of President Wilson.

The mass-meeting was a most stir-
ring one; the college seemed imbued
with a sober enthusiasm for the oc-
casion, and acted in every way with a
realization of the crisis at hand and
the burdens to be borne. The meeting
was opened by John H. Small, Jr., of
Washington, N. C., and also addressed
by James Smith, of Mount Airy, N. C.,
president of the senior class, and

Banks Arendell, of Raleigh, N. C., edi-
tor of the Trinity Chronicle. The re-
sponse to the call of these men for
names has already netted about 50 per
cent of the college enrollment, and
will be greatly increased to-day and
to-morrow. Training is expected to
begin next week.

FOR HOUSE OF DELEGATES

Daniel, Chichester, Hall and Snow Are
Some of Those Who May Win
at Primary.

[Special to The Times-Dispatch.]
FREDERICKSBURG, VA., March 31.—
John O. Daniel, the present floater

delegate in the House of Delegates
from the legislative district composed
of Fauquier and Loudoun Counties, is
a candidate for re-election subject to
the Democratic primary. A. M. Chi-
chester and Wilbur C. Hall, both of
Loudoun County, have announced their
candidacy in opposition to Mr. Daniel,
subject to the primary.
W. C. Snow, of Klusalie, is being
urged by a number of his friends to
become a candidate for the Democratic
nomination for the House of Delegates
to represent the counties of Westmore-
land and Northumberland in the next
Legislature.

Simple Laxative Remedy Best for Constipation

Dr. Caldwell's Syrup Pepsin
Gave Satisfaction When
Nothing Else Would

Nearly every one, at one time or an-
other, suffers from constipation or
inactive bowels, and one of the few
conclusions upon which the doctors
agree is that regularity of the bowels
is an essential to good health.
In the family medicine chest of most
well-ordered households will be found
one or more of the various remedies
recommended for the relief of consti-
pation. In the majority of homes to-
day the combination of simple laxative
herbs with pepsin, known as Dr. Cald-
well's Syrup Pepsin, is recognized as
the standard laxative. Druggists
everywhere report a constantly in-
creasing demand for this splendid
remedy, which is sold for fifty cents a
bottle.

Mr. James Ash, 102 Green Street,
Cumberland, Md., wrote to Dr. Caldwell
that he found Dr. Caldwell's Syrup
Pepsin the most effective remedy for
constipation he had ever used, and that
he always keeps a bottle of it on hand
for use when necessary.

Dr. Caldwell's Syrup Pepsin is a
mild laxative, and does not gripe or
strain, but acts gently and brings re-
lief in an easy, natural manner. Its

TAKE SALTS IF YOUR BACK HURTS SAYS DRUGS EXCITE THE KIDNEYS

Salts harmless to flush Kidneys
and neutralize uric acid, thus
ending Bladder trouble.

When your kidneys hurt and your
back feels sore, don't get scared and
proceed to load your stomach with a
lot of drugs that excite the kidneys
and irritate the entire urinary tract.
Keep your kidneys clean like you keep
your bowels clean by flushing them
with a mild, harmless salts which re-
move the body's urinous waste and
stimulates them to their normal ac-
tivity. The function of the kidneys is
to filter the blood. In 24 hours they
remove from it 500 grains of acid and
waste, so we can readily understand
the vital importance of keeping the
kidneys active.

Drink lots of water—you can't drink
too much; also get from any phar-
mat about four ounces of Jad Salts;
take a tablespoonful in a glass of
water before breakfast each morning
for a few days and your kidneys will
act fine. This famous salts is made
from the acid of grapes and lemon
juice, combined with lithia, and has
been used for generations to clean and
stimulate clogged kidneys; also to
neutralize the acids in urine so it no
longer is a source of irritation, thus
ending bladder weakness.
Jad Salts is inexpensive; cannot in-
jure; makes a delightful effervescent
lithia-water drink which every one
should take now and then to keep their
kidneys clean and active. Try this,
also keep up the water drinking, and
no doubt you will wonder what became
of your kidney trouble and backache.
